**STATE OF MAINE
HOUSE OF REPRESENTATIVES
126TH LEGISLATURE
FIRST REGULAR SESSION**

COMMITTEE AMENDMENT “ ” to H.P. 970, L.D. 1362, “Resolve, To Establish a Moratorium on the Transportation of Tar Sands”

Amend the resolve by striking out the title and substituting the following:

'Resolve, Relating to a Review of Risks Associated with Tar Sands Oil'

Amend the resolve by striking out everything after the title and before the summary and inserting the following:

'Sec. 1. Review of tar sands oil. Resolved: That the Department of Environmental Protection shall conduct a review of the environmental and public health and safety risks associated with the handling and transportation by road, rail, water and pipeline of unrefined bituminous tar sands oil, referred to in this resolve as "the product," in the State, including review of:

- 1. The characteristics of the product so the State can best plan for potential incident responses if an accident occurs;
- 2. The resources at risk in general and in the case of a worst-case spill, the potential behavior and fate of the product when spilled in marine or freshwater environments and response options for a spill, including the equipment, expertise and technology needed to respond to a spill that has an impact on groundwater or marine or freshwater environments;
- 3. The potential effects on a community in the case of a spill, including a worst-case spill, and the best response options;
- 4. The required temperature and pressure for transporting the product; and
- 5. Federal studies, including any reports by the National Academy of Sciences, scientific studies on spills of the product in Mayflower, Arkansas and Marshall, Michigan and any reviews related to a Keystone XL pipeline; and be it further

Sec. 2. Report; legislation. Resolved: That, by January 31, 2014, the Department of Environmental Protection shall report on the progress of the review

33 **SUMMARY**

34 This amendment replaces the resolve. Currently, the Department of Environmental
 35 Protection is conducting a department-initiated review of the environmental and public
 36 health and safety risks associated with unrefined bituminous tar sands oil. This

1 amendment requires the department to continue that review and specifies areas upon
2 which the review must be focused. The department is directed to report by January 31,
3 2014 on the progress of the review to the Joint Standing Committee on Environment and
4 Natural Resources, and the joint standing committee is authorized to submit a bill to the
5 Second Regular Session of the 126th Legislature. The amendment also adds an
6 appropriations and allocations section.
