SUMMARY

This amendment changes the title and strikes the bill, adding an emergency preamble and clause. It amends the statutory reporting requirements of the State Compensation Commission, eliminating alternate year interim reports and changing the final report submission to require the State Compensation Commission to submit a report to the Legislature and the joint standing committee of the Legislature having jurisdiction over state and local government matters by January 15th of every even-numbered year. The amendment authorizes the joint standing committee of the Legislature having jurisdiction over state and local government matters to introduce legislation based on the commission’s report.
