**HEALTH AND HUMAN SERVICES**

Reproduced and distributed under the direction of the Clerk of the House.

**STATE OF MAINE  
HOUSE OF REPRESENTATIVES  
126TH LEGISLATURE  
SECOND REGULAR SESSION**

COMMITTEE AMENDMENT “ ” to H.P. 1209, L.D. 1686, Bill, “An Act To Address Preventable Deaths from Drug Overdose”

Amend the bill by striking out everything after the title and before the summary and inserting the following:

**'Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 22 MRSA c. 556-A** is enacted to read:

**CHAPTER 556-A**

**OPIOIDS**

**§2353. Opioid antagonists**

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Opioid antagonist" means a drug that binds to opioid receptors and blocks or inhibits the effects of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride.

B. "Opioid-related drug overdose" means a condition including, but not limited to, extreme physical illness, decreased level of consciousness, respiratory depression, coma or death resulting from the consumption or use of an opioid, or another substance with which an opioid was combined, or a condition that a reasonable person would believe to be an opioid-related drug overdose that requires medical assistance.

**2. Authorized administration of an opioid antagonist by law enforcement officers and municipal firefighters.** A law enforcement officer as defined in Title 17-A, section 2, subsection 17 and a municipal firefighter as defined in Title 30-A, section 3151, subsection 2 may administer an intranasal opioid antagonist as clinically indicated.

**COMMITTEE AMENDMENT**

1           **3. Authorized administration of an opioid antagonist by emergency medical**  
2 **personnel.** An advanced emergency medical technician, basic emergency medical  
3 services person, basic emergency medical technician, first responder and emergency  
4 medical services' person as defined in Title 32, section 83 may administer an opioid  
5 antagonist in accordance with the provisions of Title 32, chapter 2-B.

6           **4. Exemption from pharmacy license for standing orders for opioid antagonists.**  
7 Notwithstanding any other provision of law, a person employed by an organization that  
8 provides a significant level of services to persons who are actively using or have a history  
9 of actively using drugs, acting under a standing order issued by a health care professional  
10 who is otherwise authorized to prescribe an opioid antagonist, may store and dispense an  
11 opioid antagonist without being subject to the provisions of Title 32, chapter 117 as long  
12 as these activities are undertaken without charge or compensation.

13           **5. Collaborative practice.** The following provisions govern collaborative practice  
14 for opioid antagonists.

15           A. Notwithstanding any other provision of law, a licensed pharmacist may initiate  
16 opioid antagonist therapy for a person in accordance with standardized procedures or  
17 protocols developed by the pharmacist and a health care professional authorized to  
18 prescribe an opioid antagonist.

19           B. For each opioid antagonist therapy initiated pursuant to this subsection, the  
20 licensed pharmacist shall provide the recipient of the opioid antagonist with a  
21 standardized fact sheet developed by the Maine Board of Pharmacy that includes, but  
22 is not limited to, the indications for use of the drug, the appropriate method for using  
23 the drug, the potential need for medical follow-up and referral information,  
24 information on opioid-related drug overdose and other appropriate information.

25           C. Nothing in this subsection affects the provisions of law relating to maintaining the  
26 confidentiality of medical records.

27           **6. Opioid antagonist prescription, possession and administration.** In addition to  
28 the provisions of subsections 2 to 5, the provisions of this subsection apply to prescribing,  
29 possessing and administering an opioid antagonist. For the purposes of this subsection,  
30 "health care professional" means a health care professional licensed under Title 32 with  
31 authority to prescribe an opioid antagonist.

32           A. A health care professional may prescribe and dispense an opioid antagonist to a  
33 person at risk of experiencing an opioid-related drug overdose.

34           B. A health care professional may prescribe and dispense an opioid antagonist to a  
35 person who, in the judgment of the health care professional, is capable of  
36 administering the drug in an emergency and may be in a position to assist an  
37 individual during an opioid-related drug overdose.

38           C. A health care professional who prescribes or dispenses an opioid antagonist  
39 pursuant to paragraph A or B shall provide information regarding the opioid  
40 antagonist to the person for whom the opioid antagonist is prescribed or to whom the  
41 opioid antagonist is dispensed.

42           D. A person may receive a prescription for an opioid antagonist pursuant to  
43 paragraph A or B, possess an opioid antagonist and administer an opioid antagonist to

1 an individual who the person believes in good faith may be experiencing an opioid-  
2 related drug overdose.'

3 **SUMMARY**

4 This amendment is the majority report of the committee. The amendment strikes the  
5 emergency preamble and emergency clause. Like the bill, the amendment defines  
6 "opioid antagonist" and "opioid-related drug overdose" and authorizes emergency  
7 medical personnel to administer opioid antagonists, but the amendment adds a provision  
8 authorizing law enforcement officers and municipal firefighters to administer intranasal  
9 opioid antagonists. Like the bill, the amendment allows the prescribing and dispensing of  
10 an opioid antagonist to a person at risk of an opioid-related drug overdose and to a person  
11 who may be in a position to assist an individual experiencing an opioid-related drug  
12 overdose and allows such persons to possess and administer opioid antagonists, but the  
13 amendment removes the provisions regarding liability. It clarifies the provision in the bill  
14 that provides an exemption from pharmacy license requirements for a person who stores  
15 or dispenses an opioid antagonist under a standing order from an appropriate health care  
16 professional to provide that the person must be employed by an organization that  
17 provides a significant level of services to persons who are actively using drugs or have a  
18 history of actively using drugs. Like the bill, the amendment allows collaborative  
19 practice between a pharmacist and a health care professional with respect to opioid  
20 antagonist therapy, but the amendment expands the provision to include all opioid  
21 antagonists, not just naloxone hydrochloride. It removes the provisions of the bill that  
22 require the Department of Health and Human Services to make grants from existing  
23 resources for drug overdose education projects, to publish an annual report on  
24 unintentional drug overdose fatalities in the State and to add naloxone hydrochloride to  
25 the department's Medicaid drug formulary.
