CHAPTER 204

MAINE REDEVELOPMENT LAND BANK AUTHORITY

§5151. Title

This chapter may be known and cited as "the Maine Redevelopment Land Bank Act."

§5152. Findings and declaration of necessity

The Legislature finds and declares that:

1. Blighted, abandoned, environmentally hazardous and functionally obsolete property burdens public resources. There exist areas in the State in need of economic revitalization where blighted, abandoned and environmentally hazardous property and

property that is both functionally obsolete and unfit to be repurposed for another use present burdens on municipal revenues and public health and safety;

2. Need for revitalization. In order to strengthen and revitalize the economy of the State and municipalities, it is in the best interest of the State to assemble and dispose of blighted, abandoned and environmentally hazardous property and property that is both functionally obsolete and unfit to be repurposed for another use in a coordinated manner to foster development of that property and promote economic growth;

3. Coordinated development of blighted, abandoned, environmentally hazardous and functionally obsolete property serves the public interest. The planning and preparation for revitalizing the economy through the acquisition of blighted, abandoned and environmentally hazardous property and property that is both functionally obsolete and unfit to be repurposed for another use using public money are a governmental concern and serve a valid public purpose;

4. Facilitate coordinated redevelopment of blighted, abandoned, environmentally hazardous and functionally obsolete property. The establishment of the redevelopment authority is necessary to facilitate the relief of the conditions described in this section by assisting public entities, including, but not limited to, municipalities, counties, regional planning organizations and state agencies, in the redevelopment of blighted, abandoned and environmentally hazardous property and property that is both functionally obsolete and unfit to be repurposed for another productive use; and

5. Municipalities, counties and unorganized territories have properties that they cannot restore to productive use due to a variety of technical or financial issues. The establishment of the redevelopment authority is necessary to provide technical and financial assistance to local governments upon request for the purpose of returning to productive use blighted, abandoned, environmentally hazardous and functionally obsolete property, including property acquired by a municipality through the municipal foreclosure process.

§5153. Definitions

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings.

1. Abandoned. "Abandoned" with reference to a property means a property that is vacant and to which the owner has no intent to return.

2. Blighted. "Blighted" with reference to a property means a property on which buildings or improvements are detrimental or are a threat to the public health, safety or welfare in their present condition.

3. Environmentally hazardous. "Environmentally hazardous" with reference to a property means a property that is designated as an uncontrolled hazardous substance site under Title 38, section 1365.

4. Functionally obsolete. "Functionally obsolete" with reference to a property means a property that is unable to be used to adequately perform the functions for which it was intended.

§5159. Eminent domain

The redevelopment authority may acquire all or any part of real property in accordance with this chapter by the exercise of the power of eminent domain whenever the redevelopment authority determines that the acquisition of the real property is in the public interest or necessary for the purposes of this chapter.

1. Resolution; documents filed; damages determined. The necessity of an acquisition under this section is conclusively presumed upon the redevelopment authority's adoption of a resolution declaring that the acquisition of the real property described in the resolution is in the public interest and necessary for the purposes of this chapter.

A. Within 3 months after a resolution is adopted under this subsection, the redevelopment authority shall file in the registry of deeds of the county in which the real property is located:

(1) A copy of the redevelopment authority's resolution;

(2) A plat of the real property described; and

(3) A statement, signed by the chair of the redevelopment authority, that the real property is taken under this chapter.

B. After the documents are filed under paragraph A, the redevelopment authority shall determine the damages for the real property taken in the same manner as is provided for land taken for highway purposes under Title 23, chapter 3 and shall file a statement of this determination in the appropriate Superior Court.

2. Title vests in redevelopment authority; bonds deposited. Title to real property under this section vests in the redevelopment authority in fee simple absolute and the redevelopment authority may take possession of the real property when:

A. The copy of the resolution, plat and statement is filed in the registry of deeds;

B. The statement is filed in the Superior Court; and

C. Bonds, to the use of persons entitled to them, are deposited in the Superior Court with surety satisfactory to the clerk of the court in the amounts that the court determines to be sufficient to satisfy the claims of all persons interested in the real property. The court may, in its discretion, take evidence on the question to determine the amounts of the bonds to be deposited.

3. Service on owners; nonresidents; unknown owners. After the copy, plat and statement are filed under subsection 1, paragraph A, a sheriff or a sheriff's deputy shall serve notice of the taking of the real property upon the owner of the real property by delivering a true and attested copy of the description and statement under subsection 1 to the owner personally or at the owner's last and usual place of abode in the State or to a person living there.

A. If an owner is not a resident of the State, a true and attested copy of the notice must be sent by registered mail, return receipt requested, to the owner at the owner's last known address.

B. If the ownership of the real property cannot be ascertained after due and diligent search, an award must be made to persons unknown for the value of the real property and bonds for that amount running to the treasurer of the county for the use of persons entitled to the bonds must be deposited in the Superior Court. If, within 2 years after the bonds are deposited, no person has been able to prove ownership of the real property, the Superior Court shall order these bonds to be cancelled and returned to the redevelopment authority.

4. Notice published. After the resolution, plat and statement are filed under subsection 1, paragraph A, the redevelopment authority shall publish a copy of the resolution and statement in a newspaper having general circulation in the county at least once a week for 3 successive weeks. The statement must set forth the names of the owners of the real property to be taken and the amount awarded to them.

5. Agreement and cancellation of bonds. When an owner of real property taken under this section agrees with the redevelopment authority on the price of the real property and the sum agreed upon is paid by the redevelopment authority, the court shall order the bonds deposited under subsection 2, paragraph C to be cancelled and returned to the redevelopment authority.

6. Complaint to Superior Court; trial. An owner of real property taken under this section who cannot agree with the redevelopment authority on the price of the real property may within 3 months after personal notice of the taking or, if the owner has no personal notice, within one year from the first publication of the copy of the resolution and statement under subsection 4 apply by complaint to the Superior Court in the applicable county, setting forth the taking of the real property and petitioning for an assessment of damages by a jury or, by agreement of the parties, a referee or referees appointed by the court.

A. When a complaint is filed under this subsection, the court shall give 20 days' notice of the pendency of the action to the redevelopment authority by serving the chair of the redevelopment authority with a certified copy of the complaint. The court may proceed after this notice to the trial of the action. The trial must determine all questions of fact relating to the value and the amount of the real property, and judgment must be entered upon the verdict of the jury. Execution must be issued for that judgment against the money deposited in the court under subsection 2, paragraph C.

7. Conflicting ownership. If the redevelopment authority is in doubt as to conflicting ownership or interest, the redevelopment authority may file a complaint in the Superior Court for a determination of the various rights and amounts due. If 2 or more conflicting plaintiffs claim the same real property or different interests in the same parcel of real property, the court, upon motion, shall consolidate their several complaints for trial at the same time by the same jury and may frame all necessary issues for the trial of that action.

8. Appeal. Appeal from the decision of the Superior Court may be made in the same manner as is provided for appeals in civil cases.

9. Property of incapable persons. If any real property in which a person not capable in law to act in the person's own behalf is interested is taken by the redevelopment authority under this chapter, the Superior Court, upon the filing of any complaint by or in behalf of the person, may appoint a guardian ad litem for the person. This guardian may appear and be heard on behalf of the person and may, with the advice and consent of the Superior Court and upon any terms that the Superior Court prescribes, release to the redevelopment authority all claims for damages for the real property of the person. Any lawfully appointed, qualified and acting guardian or other fiduciary of the estate of such a person, with the approval of the Probate Court having jurisdiction to authorize the sale of real property within the State of the person, may, before the filing of any such complaint, agree with the redevelopment authority upon the amount of damages suffered by the person by any taking of real property and may, upon receiving that amount, release to the redevelopment authority all claims for damages of the person for the taking.

10. Expediting proceedings; taking public property. In any proceedings for the assessment of compensation and damages for real property taken or to be taken by eminent domain by the redevelopment authority, the following provisions apply.

A. At any time during the pendency of the action or proceedings, the redevelopment authority or an owner may apply to the court for an order directing the redevelopment authority or the owner to show cause why further proceedings should not be expedited. Upon this application, the court may order that the hearings proceed and that any other steps be taken with all possible expedition.

B. If any of the real property taken or to be taken is devoted to a public use, it may nevertheless be acquired, and the taking is effective, except that no real property belonging to the municipality or to any other government may be acquired without its consent and that real property belonging to a public utility corporation may not be acquired without the approval of the Public Utilities Commission or an officer or tribunal having regulatory power over that corporation.

C. Any real property already acquired by the redevelopment authority may nevertheless be included within this taking for the purpose of acquiring any outstanding interests in the real property.

§5160. Bonds

1. Authorization. The redevelopment authority may provide by resolution for the issuance of bonds for the purpose of funding the Maine Redevelopment Land Bank Fund, or any successor to the fund. The bonds of the redevelopment authority do not constitute a debt or liability of the State or of any agency or political subdivision of the State other than the redevelopment authority but are payable solely from the revenue of the redevelopment

authority, and neither the faith nor credit nor taxing power of the State or any political subdivision of the State is pledged to payment of the bonds. Notwithstanding any provision of law to the contrary, bonds issued pursuant to this chapter are fully negotiable. If a commissioner of the redevelopment authority whose signature appears on any bonds or coupons ceases to be a commissioner of the redevelopment authority before the delivery of those bonds or coupons, that signature is valid and sufficient for all purposes as if that commissioner had remained a commissioner until delivery.

2. General characteristics. The redevelopment authority may, by resolution, provide:

- A. The manner of executing bonds and coupons;
- B. The form and denomination of bonds and coupons;
- C. Maturity dates;
- D. Interest rates on bonds and coupons;
- E. For redemption prior to maturity and the premium payable;
- F. The place or places for the payment of interest and principal;
- G. For registration if the redevelopment authority determines registration is desirable;
- H. For the pledge of all or any of the revenue for securing payment;
- I. For the replacement of lost, destroyed or mutilated bonds;
- J. For the setting aside and the regulation and disposition of reserve and sinking funds;
- K. For limitation on the issuance of additional bonds;
- L. For the procedure, if any, by which the contract with a bondholder may be abrogated or amended;
- M. For the manner of sale and purchase of bonds;
- N. For the issuance of bonds in a series; and
- O. Any other matter relating to the bonds that the redevelopment authority determines appropriate.

3. Liability. A member or employee of the redevelopment authority or a person executing the bonds may not be liable personally for the bonds or subject to any personal liability by reason of the issuance of the bonds.

4. Trust indenture. In the discretion of the redevelopment authority, bonds may be secured by a trust indenture by and between the redevelopment authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company, located either within or outside the State. Such a trust indenture may pledge or assign the revenues of the redevelopment authority or any part of it. A trust indenture may set forth the rights and remedies of the bondholders and the trustee, restrict the individual right of action of bondholders and contain such other provisions as the redevelopment authority may consider reasonable and proper for the security of bondholders. Expenses incurred in carrying out any trust indenture may be treated as a part of maintenance.

5. Rights of bondholders. Provisions may be made for protecting and enforcing the rights and remedies of bondholders, including covenants as to acquisition of property,

construction, maintenance, operation and repair, insurance and the custody, security and application of all money.

6. Depositories. Any trust company or bank having the powers of a trust company and located either within or outside the State may act as a depository of the proceeds of bonds and revenue and may furnish such indemnity or pledge such securities as may be required by the redevelopment authority.

7. Tax free. The purposes of this chapter being public and for the benefit of the people of the State, bonds of the redevelopment authority are free from taxation by the State.

8. Revenue refunding bonds. The redevelopment authority may issue revenue refunding bonds for the purpose of refunding revenue bonds issued under this chapter. The issuance of any refunding bonds is the same as is provided for in this chapter relating to revenue bonds.

9. Default. In the event of default on bonds and in the event the default continues for a period of 3 months, action may be brought to enforce the rights of the bondholders by ensuring that the operation by the redevelopment authority is in conformity with the covenants of the bonds or trust indenture.

The Except as provided in section 2203-A, subsection 2-A, the 2nd subsidiary account, called administration, receives all fees established under this article and under Title 36, chapter 719 and all funds recovered by the department as reimbursement for departmental expenses incurred to abate imminent threats to public health, safety and welfare posed by the illegal disposal of solid waste.
