§4320-I. Coverage for the cost of testing for bone marrow donation suitability

1. Required coverage. A carrier offering a health plan in this State shall provide coverage for laboratory fees up to \$150 arising from human leukocyte antigen testing performed to establish bone marrow transplantation suitability in accordance with the following requirements:

At the time of the testing, the enrollee covered under the health plan must complete and sign an informed consent form that authorizes the results of the test to be used for participation in the National Marrow Donor Program, or its successor organization, and acknowledges a willingness to be a bone marrow donor if a suitable match is found; and

D. The carrier may limit each enrollee to one test per lifetime.

2. Prohibition on cost-sharing. A carrier may not impose any deductible, copayment, coinsurance or other cost-sharing requirement on an enrollee for the coverage required under this section.

Sec. 2. Application. The requirements of this Act apply to all policies, contracts and certificates subject to this Act that are executed, delivered, issued for delivery, continued or renewed in this State on or after January 1, 2015. For purposes of this Act, all contracts are deemed to be renewed no later than the next yearly anniversary of the contract date.
