**An Act Regarding Insured Value Factor Payments for Public Tuition
Students Attending a Private School**

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 20-A MRSA §5806, sub-§2, as amended by PL 2009, c. 571, Pt. E, §8, is further amended to read:

2. Maximum allowable tuition. The maximum allowable tuition charged to a school administrative unit by a private school is the rate established under subsection 1 or the state average per public secondary student cost as adjusted, whichever is lower, plus an insured value factor. ~~For school year 2009-2010 only, the maximum allowable tuition rate, prior to the addition of the insured value factor, must be reduced by 2%; the insured value factor must be based on this reduced rate.~~ The insured value factor is computed by dividing 5% of the insured value of school buildings and equipment by the average number of pupils enrolled in the school on October 1st and April 1st of the year immediately before the school year for which the tuition charge is computed. ~~For the 2008-2009 school year only, a school administrative unit is not required to pay an insured value factor greater than 5% of the school's tuition rate per student, unless the legislative body of the school administrative unit votes to authorize its school board to pay a higher insured value factor that is no greater than 10% of the school's tuition rate per student.~~ Beginning in From school year 2009-2010 to school year 2013-2014, a school administrative unit is not required to pay an insured value factor greater than 5% of the school's tuition rate or \$500 per student, whichever is less, unless the legislative body of the school administrative unit votes to authorize its school board to pay a higher insured value factor that is no greater than 10% of the school's tuition rate per student. For the 2014-2015 school year, a school administrative unit is not required to pay an insured value factor greater than 6% of the school's tuition rate per student, unless the legislative body of the school administrative unit votes to authorize its school board to pay a higher insured value factor that is no greater than 10% of the school's tuition rate per student. Beginning in the 2015-2016 school year, a school administrative unit is not required to pay an insured value factor greater than the amount of the prior school year's insured value factor adjusted by a percentage equal to the percentage change in the state share percentage of the total cost of funding public education in the prior school year as

determined by section 15671, subsection 7, paragraph C as compared to the applicable percentage for the current school year. In no case may the insured value factor be less than 6% or greater than 10% of the school's tuition rate per student, unless the legislative body of the school administrative unit votes to authorize its school board to pay an insured value factor that exceeds the amount otherwise permitted by this subsection by no more than 5% of the school's tuition rate per student.

Sec. 2. 20-A MRSA §15683-A, as amended by PL 2011, c. 655, Pt. C, §7, is further amended to read:

§15683-A. Total debt service allocation

For each school administrative unit, that unit's total debt service allocation is that unit's debt service costs as defined in section 15672, subsection 2-A. Each school administrative unit's total debt service allocation must include the portion of the tuition cost applicable to the insured value factor for the base year computed under section 5806 ~~limited to an insured value factor no greater than 5% for each eligible student.~~ Beginning in school year 2014-2015, each school administrative unit's total debt service allocation must include the portion of the tuition cost applicable to the insured value factor for the base year computed under section 5806 limited to an insured value factor no greater than the percentage established in section 5806, excluding any higher percentage authorized by local school boards, for each eligible student for the base year.
