- **Sec. 3. Duties. Resolved:** That the stakeholder group shall perform the following duties:
- 1. Determine to what extent the recommendations of the Aroostook County Transportation Study conducted by the Department of Transportation have been or will be implemented;
- 2. Review previous studies analyzing the feasibility of connecting Interstate 95 to the St. John Valley and Aroostook County with a new 90-mile divided highway or with improvements to existing highways;
- 3. Review the conceptual benefits, costs, permitting process and feasible funding sources of a highway connecting Interstate 95 to the St. John Valley and unorganized territory of Central Aroostook;
- 4. Review current and future highway improvement plans that include Aroostook County;
- 5. Recommend highway improvements that will substantially improve safety, mobility and economic opportunity in northern Maine; and
- 6. Identify the economic benefits, social benefits and cost of improved integration between highway systems in Canada and Maine.
- **Sec. 4. Report. Resolved:** That, by December 31, 2023, the Department of Transportation shall submit a report that includes the findings and recommendations of the stakeholder group, including suggested legislation, to the Joint Standing Committee on Transportation. The Joint Standing Committee on Transportation may report out legislation based on the recommendations of the stakeholder group to the Second Regular Session of the 131st Legislature.'

Amend the resolve by relettering or renumbering any nonconsecutive Part letter or section number to read consecutively.

26 SUMMARY

This resolve directs the Department of Transportation to convene a stakeholder group to identify and develop strategies to address highway mobility and transportation needs in northern Maine. The stakeholder group consists of 11 members appointed by the Commissioner of Transportation. The stakeholder group is directed to determine to what extent the Aroostook County Transportation Study recommendations have been or will be implemented; review the previous studies analyzing the feasibility of connecting Interstate 95 to the St. John Valley and Aroostook County with a new 90-mile divided highway or with improvements to existing highways; review the conceptual benefits, costs, permitting process and feasible funding sources of a highway connecting Interstate 95 to the St. John Valley and unorganized territory of Central Aroostook; review current and future highway improvement plans that include Aroostook County; recommend highway improvements that will substantially improve safety, mobility and economic opportunity in northern Maine; and identify the economic and social benefits and costs of improved integration between highway systems in Canada and Maine. By December 31, 2023, the department must submit a report that includes the findings and recommendations of the stakeholder group, including suggested legislation, to the Joint Standing Committee on Transportation.

2	The committee is allowed to report out legislation based on the recommendations of the stakeholder group to the Second Regular Session of the 131st Legislature.
3	FISCAL NOTE REQUIRED
