**HEALTH AND HUMAN SERVICES**

Reproduced and distributed under the direction of the Clerk of the House.

**STATE OF MAINE  
HOUSE OF REPRESENTATIVES  
126TH LEGISLATURE  
FIRST REGULAR SESSION**

COMMITTEE AMENDMENT “ ” to H.P. 488, L.D. 716, Bill, “An Act Regarding Prescription Medications for Children under the MaineCare Program”

Amend the bill by striking out the title and substituting the following:

**'Resolve, To Review and Make Recommendations on Appropriate Prescribing of Certain Medications for Children with Attention Deficit Hyperactivity Disorder That Are Reimbursed under the MaineCare Program'**

Amend the bill by striking out everything after the title and before the summary and inserting the following:

**'Sec. 1. Department of Health and Human Services work group. Resolved:** That the Commissioner of Health and Human Services shall convene a work group to review and make recommendations on appropriate prescribing of certain medications for children with attention deficit hyperactivity disorder. The review must focus on stimulants and other medications with an indication from the United States Department of Health and Human Services, United States Food and Drug Administration for the treatment of children with attention deficit hyperactivity disorder and on their reimbursement through the MaineCare program.

1. The tasks of the work group include, but are not limited to, the following:
  - A. Gathering and reviewing data on the use of stimulant medications in children, including the diagnoses for which the drugs are prescribed and typical lengths of time that children receiving services from the Department of Health and Human Services or Child Development Services System through the Department of Education or the MaineCare program are prescribed stimulant medications;
  - B. Comparing the use of stimulant medications in the MaineCare and non-MaineCare populations and the costs of those medications;
  - C. Reviewing approaches that support prescribers in achieving evidence-based prescribing and monitoring practices, including academic detailing and telemedicine, and the work being done by the child psychiatry access program and the consultation

**COMMITTEE AMENDMENT**

1 project of the Maine Academy of Family Physicians and the Maine Association of  
2 Psychiatric Physicians;

3 D. Identifying methods of reimbursement and sources of funding, including grant  
4 funding and federal funding, to increase access to psychiatric services and reduce  
5 barriers to services; and

6 E. Making any recommendations for improvements in access to behavioral health  
7 and psychiatric services and in prescribing practices as determined to be appropriate  
8 by the work group.

9 2. The commissioner shall appoint as chair the person who serves as chair of the  
10 psychiatric work group of the MaineCare drug utilization review committee. The chair  
11 shall appoint the members. The work group must include key state employees, including  
12 representatives of the office within the Department of Health and Human Services  
13 providing MaineCare services and private sector stakeholders. The chair shall seek  
14 members of the public who are interested in the subject matter of the work group and  
15 members from the following entities and organizations: Goold Health Systems, the Maine  
16 Association of Psychiatric Physicians, the Maine Council on Child and Adolescent  
17 Psychiatry, the Maine Psychological Association, the Maine Children's Alliance, the  
18 Maine Developmental Disabilities Council and the academic detailing advisory  
19 committee convened by the Maine Medical Association and the Department of Health  
20 and Human Services. The chair shall notify members of the Joint Standing Committee on  
21 Health and Human Services of the location, date and time of each meeting so that  
22 members may attend voluntarily and without reimbursement. The Department of Health  
23 and Human Services shall fund the work of the work group from within existing  
24 resources.

25 3. The Department of Health and Human Services shall report on the findings and  
26 recommendations of the work group by January 15, 2014 to the Joint Standing  
27 Committee on Health and Human Services.'

28 **SUMMARY**

29 This amendment replaces the bill with a resolve and changes the title. The  
30 amendment establishes a work group to review the use of certain medications prescribed  
31 to children for the treatment of attention deficit hyperactivity disorder and reimbursed  
32 through the MaineCare program and to make any recommendations for improvements in  
33 access to behavioral health and psychiatric services and for improvements in prescribing  
34 practices as determined to be appropriate by the work group. The amendment directs the  
35 Department of Health and Human Services to report its findings and recommendations to  
36 the Joint Standing Committee on Health and Human Services not later than January 15,  
37 2014.
