SUMMARY

This bill amends the State's laws concerning contracts and agreements for the large-scale extraction and transportation of water by requiring any such contract or agreement to be approved by a vote of the legislative body of each municipality and township located within the watershed from which water is to be extracted and transported pursuant to that contract or agreement. It also provides that a consumer-owned water utility may not enter
into any contract or agreement with another entity for the large-scale extraction and transportation of water with a term longer than 3 years.
