

128th MAINE LEGISLATURE

FIRST REGULAR SESSION-2017

Legislative Document

No. 1066

H.P. 749

House of Representatives, March 16, 2017

An Act To Promote Life with Dignity

Reference to the Committee on Judiciary suggested and ordered printed.

A handwritten signature in cursive script that reads "R B. Hunt".

ROBERT B. HUNT
Clerk

Presented by Representative PARKER of South Berwick.
Cosponsored by Senator CHIPMAN of Cumberland and
Representatives: BRYANT of Windham, HUBBELL of Bar Harbor, McCREA of Fort
Fairfield, PIERCE of Dresden, TERRY of Gorham, WARREN of Hallowell, Senators: KATZ
of Kennebec, MAKER of Washington.

1 **Be it enacted by the People of the State of Maine as follows:**

2 **Sec. 1. 24 MRSA §2908** is enacted to read:

3 **§2908. Patient-directed care at the end of life**

4 **1. Definitions.** As used in this section, unless the context otherwise indicates, the
5 following terms have the following meanings.

6 A. "Bona fide physician-patient relationship" means a treating or consulting
7 relationship in the course of which a physician has completed a full assessment of a
8 patient's medical history and current medical condition, including a personal physical
9 examination.

10 B. "Capable" means that a patient has the ability to make and communicate health
11 care decisions to a physician, including communication through persons familiar with
12 the patient's manner of communicating if those persons are available.

13 C. "Health care facility" means a hospital, psychiatric hospital or nursing facility
14 licensed under Title 22, chapter 405 or a residential care facility licensed under Title
15 22, chapter 1663.

16 D. "Health care provider" means a person licensed by this State to provide health
17 care or administer health care or dispense medication, a partnership or corporation
18 made up of such persons or an officer, employee or agent of such a person acting in
19 the course and scope of employment, agency or contract. "Health care provider"
20 includes a physician.

21 E. "Impaired judgment" means the inability of a person to sufficiently understand or
22 appreciate the relevant facts necessary to make an informed decision.

23 F. "Interested person" means a patient's physician; a person who is a relative of a
24 patient by blood, marriage or adoption; a person who knows that the person would be
25 entitled upon a patient's death to any portion of the estate or assets of the patient
26 under any will or trust, by operation of law or by contract; or an owner, operator or
27 employee of a health care facility where a patient is receiving medical treatment or is
28 a resident.

29 G. "Palliative care" means care that eases or relieves pain or discomfort.

30 H. "Patient" means an adult who is a resident of this State and who is terminally ill
31 and has a limited life expectancy in the opinion of the adult's physician.

32 I. "Physician" means an individual licensed to practice medicine under Title 32,
33 chapter 36 or 48.

34 J. "Terminal condition" means an incurable and irreversible disease that will, within
35 reasonable medical judgment, result in death within 6 months.

36 **2. Right to information.** A patient has a right to information regarding all treatment
37 options reasonably available for the care of the patient, including, but not limited to,
38 information in response to specific questions about the foreseeable risks and benefits of

1 medication, without the physician's withholding requested information regardless of the
2 purpose of the questions or the nature of the information.

3 **3. Patient-physician communication.** A physician who provides information to a
4 patient under subsection 2 may not, because of providing that information, be considered
5 to be assisting in or contributing to a patient's independent decision to self-administer a
6 lethal dose of medication. An exchange of information between a patient and a physician
7 under subsection 2 may not be used to establish civil or criminal liability or professional
8 disciplinary action under Title 32, chapter 36 or 48.

9 **4. Requirements for prescription and documentation; immunity.** A physician
10 who complies with the requirements of this section is not subject to any civil or criminal
11 liability or professional disciplinary action if the physician in good faith prescribes to a
12 patient with whom the physician has a bona fide physician-patient relationship
13 medication that the patient subsequently self-administers for the purpose of hastening the
14 patient's death. In order for a physician to prescribe the medication under this subsection,
15 all of the actions set out in paragraphs A and B must be taken by the patient and the
16 physician and documented as set out in this subsection.

17 A. The patient shall complete the following actions:

18 (1) Make an initial oral request to the physician while in the physician's physical
19 presence for medication to be self-administered for the purpose of hastening the
20 patient's death;

21 (2) At least 15 days after the initial request, make a 2nd request to the physician
22 while in the physician's physical presence for medication to be self-administered
23 for the purpose of hastening the patient's death, at which time the physician must
24 offer the patient an opportunity to rescind the request;

25 (3) At least one day after the 2nd request, make a written request for medication
26 to be self-administered for the purpose of hastening the patient's death. The
27 request must be signed by the patient in the presence of 2 or more witnesses who
28 are adults and are not interested persons and who must sign the document and
29 affirm that the patient appears to understand the nature of the document and
30 appears to be free from duress or undue influence at the time of signing the
31 document; and

32 (4) If the physician plans to submit the prescription for medication to a
33 pharmacist, sign a statement of written consent to the action and direct the
34 pharmacist to deliver the medication to the patient or to a person whom the
35 patient names to receive the medication from the pharmacist.

36 B. The physician shall complete the following actions:

37 (1) Determine, based on physical examination of the patient and review of the
38 patient's medical records, that the patient meets the definition of "patient" as
39 provided in subsection 1, paragraph H, is capable and is making a voluntary
40 request and an informed decision;

41 (2) Include in the patient's medical record the following:

- 1 (a) Documentation of the initial and 2nd oral requests made under paragraph
2 A, subparagraphs (1) and (2), including the wording of the requests;
- 3 (b) A statement that the physician offered the patient an opportunity to
4 rescind the 2nd oral request made under paragraph A, subparagraph (2) and
5 the opportunity to rescind the written request at any time, including the
6 wording of the offers of opportunities to rescind;
- 7 (c) A statement that the physician has informed the patient orally and in
8 writing of the following:
- 9 (i) The patient's medical diagnosis;
- 10 (ii) The patient's medical prognosis, including acknowledgment that the
11 physician's prediction of the patient's life expectancy is an estimate based
12 on the physician's best medical judgment and is not a guarantee of the
13 actual time remaining in the patient's life and that the patient could live
14 longer than the time predicted;
- 15 (iii) The range of treatment options appropriate for the patient and the
16 patient's diagnosis;
- 17 (iv) If the patient is not enrolled in hospice care, all feasible end-of-life
18 services, including palliative care, comfort care, hospice care and pain
19 control;
- 20 (v) The range of possible results, including, but not limited to, potential
21 risks associated with taking the medication to be prescribed; and
- 22 (vi) The probable result of taking the medication to be prescribed;
- 23 (d) A statement that the physician has counseled the patient regarding:
- 24 (i) The importance of having another person present when the patient
25 takes the medication to be prescribed;
- 26 (ii) The importance of maintaining the medication to be prescribed in a
27 safe and secure location; and
- 28 (iii) The possibility that the patient may obtain the medication to be
29 prescribed, but choose not to take that medication;
- 30 (e) A statement that the physician discussed with the patient, outside the
31 presence of others, whether the patient felt unduly influenced by another
32 person regarding the patient's request pursuant to paragraph A and that it is
33 the physician's belief and opinion that the patient's request is not a result of
34 undue influence of another person;
- 35 (f) A statement that the physician referred the patient to a 2nd physician for
36 medical confirmation of the diagnosis and prognosis;
- 37 (g) A statement that the patient meets the definition of "patient" as provided
38 in subsection 1, paragraph H, is capable and is making a voluntary request
39 and an informed decision;

1 (h) A statement that the physician has determined that the patient does not
2 have impaired judgment or, in the alternative, that the physician has referred
3 the patient for an evaluation by a licensed psychiatrist, psychologist or
4 clinical social worker and that that person has determined that the patient is
5 capable and does not have impaired judgment;

6 (i) A statement that the physician, after obtaining the consent of the patient,
7 consulted with the patient's primary care physician if the patient has a
8 primary care physician;

9 (j) A statement that the requirements of divisions (a) to (i) were completed
10 immediately prior to writing the prescription and that the prescription was
11 written no earlier than 48 hours after the patient's written request under
12 paragraph A;

13 (k) A statement that the physician is licensed to dispense medication or
14 submitted the prescription to a licensed pharmacist as directed by the patient
15 under paragraph A, subparagraph (4); and

16 (l) A statement that the physician has fully complied with the requirements
17 of this subparagraph; and

18 (3) Promptly notify the Department of Health and Human Services regarding
19 compliance with the requirements of this section, the patient's compliance with
20 paragraph A and the physician's compliance with this paragraph.

21 **5. Construction.** This section may not be construed to limit civil or criminal
22 liability for gross negligence, recklessness or intentional misconduct of a person who acts
23 in accordance with this section.

24 **6. No duty to aid or participate.** A patient who acts to self-administer a lethal dose
25 of medication in accordance with this section is not, as a result of taking those actions, a
26 dependent adult as defined in Title 22, section 3472, subsection 6, an incapacitated adult
27 as defined in Title 22, section 3472, subsection 10 or in need of protective services as
28 defined in Title 22, section 3472, subsection 12. A person who is present when a patient,
29 having followed the procedures required by this section, self-administers a lethal dose of
30 medication does not have a duty to aid the patient and is not subject to civil or criminal
31 liability solely for being present or solely for not acting to prevent the patient from
32 self-administering the medication. A person does not have a duty, by law or contract, to
33 participate in the provision of a lethal dose of medication to a patient.

34 **7. Prohibition allowed.** With regard to a patient who is a resident or inpatient in a
35 health care facility, the facility may adopt a policy that prohibits a health care provider
36 from issuing a prescription to the patient for medication or providing medication that the
37 health care provider knows the patient intends to self-administer in a lethal dose while in
38 the health care facility. A health care facility that adopts a policy pursuant to this
39 subsection shall provide a copy of the policy to all health care providers employed in or
40 by the facility. A health care provider who violates a policy of a health care facility
41 prohibiting issuing a prescription or providing medication as authorized by this
42 subsection may be sanctioned by the health care facility for the violation of policy.

1 providers' medical professional liability insurance. The bill protects the patient's right to
2 palliative care. The bill requires rulemaking by the Department of Health and Human
3 Services to provide for safe disposal of medications that are prescribed for end-of-life
4 care and that are not used by the patient. The bill specifically states that nothing in the
5 provisions of the bill may be construed to authorize a physician or other person to end a
6 patient's life by lethal injection, mercy killing or active euthanasia. The bill specifically
7 states that the provisions of the bill may not be construed to conflict with Section 1553 of
8 the federal Patient Protection and Affordable Care Act, as amended by the federal Health
9 Care and Education Reconciliation Act of 2010.
