Sec. 1. 5 MRSA §1518-A, sub-§1-A, ¶A, as amended by PL 2015, c. 390, §1, is further amended to read:

A. By November 1st annually, the State Tax Assessor shall calculate the amount by which the income tax rates under Title 36, section 5111, subsections 1-F, 2-F and 3-F may be reduced during the subsequent tax year using the amount available from the fund. Bracket rate reductions must be a minimum of 0.2 percentage points in the first year in which reductions are made and a minimum of 0.1 percentage points in subsequent years. If sufficient funds are not available to pay for the minimum reduction, a rate reduction may not be made until the amount in the fund is sufficient to pay for the reduction, the reduction must first be applied equally to each bracket under Title 36, section 5111, subsections 1-F, 2-F and 3-F until the lower bracket reaches 4%. Funds available from the fund in subsequent years must be applied to reduce the higher bracket rates until there is a single bracket with a rate of 4%, after which future tax relief may be identified.

Sec. 2. 36 MRSA §5111, sub-§1-F, as enacted by PL 2015, c. 267, Pt. DD, §3, is amended to read:
