39 **Emergency clause.** In view of the emergency cited in the preamble, this legislation

1 **SUMMARY**

2 Under current law, a school that receives publicly funded tuition students who are
3 enrolled in regular school day career and technical education programs at career and
4 technical education centers, satellites or regions may charge a tuition rate of only up to 2/3
5 of the maximum tuition rate. This bill removes this limitation on schools approved for
6 tuition purposes. This bill then directs each school approved for tuition purposes to enter
7 into an agreement for the purpose of determining that school's per-pupil contribution
8 toward the costs of the career and technical education center or region serving that school.
