

Martha Leggat
North Yarmouth
LD 3

I strongly urge legislators to vote in favor of LD3. I am deeply concerned about thousands of families (including 126 families with small children) who will be literally out in the cold and homeless with no shelter and no options on Dec. 31. This is just one example of the hardship and suffering for our neighbors that will unfold if LD3 does not pass. We look out for our neighbors in Maine. Please support LD3.
