

Tiki Fuhro  
Portland  
LD 3

As a citizen of Portland, I am deeply concerned about the welfare of individuals and families who are subject to eviction in the dead of winter. We are experiencing a housing crisis of extreme proportions. We rely one hundred percent on you, our governing body to make decisions with compassion and the welfare of our most vulnerable citizens. Please pass LD3 that will be a step towards protecting Mainers from the cold and homelessness,
