LD 3

Hello,

I am a resident of Union, ME. I am writing to ask you to consider quickly passing LD3 to provide emergency housing relief to Mainers. The housing crisis that is happening everywhere is in full force here in Maine. I have worked in the public schools in my area and can see firsthand how families and kids are struggling to stay in stable living environments. High rent costs are making basic housing unaffordable to the working class, especially those working in service positions that are so badly in need of workers right now. If you work one of those essential jobs, it is so hard to afford rent on your own, let alone if you have kids. I could go on and on and on about the importance of stable environments for children, working full time and still not affording rent, but mostly I just want you to know that this problem is very real for so many Mainers.

Of course, the root causes of the housing crisis will need to be discussed and addressed to fully solve this problem, but for now, I am asking you to pass LD3 for emergency housing relief to keep families off the street for now. As soon as humanly possible.

Thank you,
Alanna Hernandez
