Good Morning,

I am writing in support of LD 34 - An Act to Require a Person to Show Photographic Identification for the Purpose of Voting. In order to maintain fairness to the citizens of Maine that are taxpayers and represented in Augusta, it would only make sense to maintain accurate vote counts to those that are legally able to vote. Voter fraud has been a concern of both sides and it is time that Maine move past antiquated times when towns were small and poll workers knew the people they were checking off as voting. Move Maine forward, require an ID to vote. It is required for almost every other normal activity, and certainly for any legal use of your name. It is needed in Maine. Thank you for your time.
