LD 34

I support LD 34, "An Act to Require a Person to Show Photographic Identification for the Purpose of Voting".

This bill requires the presentation of proof of identity in the form of a photograph identification document when voting in person. A common-sense, logical requirement.

For those without a photo ID, the bill also allows a person to request a free special voter photograph identification card from the Secretary of State. There are NO excuses for not having a photo ID.

Maine is one of 15 states that currently don't require a photo ID to vote. Time to get with the program and help to reinforce our confidence in our election system.

I support LD 34, "An Act to Require a Person to Show Photographic Identification for the Purpose of Voting" and it "ought to pass".
