

Diana Laing
Searsmont
LD 34

Senator Hickman, Representative Supica and members of the Veterans Committee, I, Diana Laing from Searsmont support LD34 - to show photo ID at the time of voting. As a poll watcher and worker, it would provide a second verification that we are checking off the correct person and many people had their ID at the ready anyway. I also had trouble understanding the names of a couple of voters - they had their ID in hand and that made it easier for both of us. Thank you for presenting this opportunity to listen/read my testimony.
