Testimony of Daniel Manuel Brito, King Middle School
In Support of LD 156

Senator Rafferty, Representative Brennan and esteemed members of the Joint Standing Committee on Education and Cultural Affairs. My name is Daniel. I am a resident of Portland and a grade 7 student at King Middle School.

Today, I'm submitting testimony in support of LD 156, "An Act to Require Outdoor Recess Time For Students From Grade 6 To Grade 8".

I really want recess because it helps my physical skills. For example if I play soccer I would get better at soccer and if I run around I would get faster for track there so many different things that we can do that would help us.

It would really help the kids that don't like to stay inside all school time or kids that are having a bad day and they just want to have some fresh air.

I just want other middle schools to have recess because it would be helpful kids that don't like to be in a class for the whole school time and other kids who just want some fresh air to get ready for other classes. thank you so much for your time and if you want so question you can email my schoolteacher@Portland, Have a nice day.
