

Memo of request—

To : Committee on Parole for Maine Res. Prisoners
From : Roger W. Smothers. M.S.P. resident

X former death row inmate - Florida D.O.C.

- Convicted - 1986 ~ sentence overturned - Resentenced 1987 (LIFE)
 - Crime - 1st Murder ~ LAW ENFORCEMENT officer
 - Served to date 37+ years
-

Reasons to grant Parole:

- Would automatically generate revenues by the millions of dollars in which could be utilized in various ways to repay the state of MAINE.
- Give automatic incentives to behave while incarcerated and after as well.
- Would generate additional multitudes of help towards Maines strained labor needs.
- Would help reunite the family base
- would help cut down on violence behind bars as well as on the streets.

Look at all the other states and common wealths that had parole for years and compare thier incomming revenues ~~only~~ solely because of parole. Its a WIN WIN NO BRAINER.

Thank You,

Roger W. Smothers #4271
