I am a Inmate at Maine State
Prison with 32 year's to due.
I would love a chance at
parole if it was a option. It
give me and other's a chance
at life all of us should have
that chance yes we have done
thing's in our past. people do
change and some things are
mistake's. parole would give me
a chance to show I have learned
from my mistake's and can live
free If show I am not a danger
to anyone. I believe parole
done right could give many
families there loved one's Back
many kids there mother and
father back. So please put
parole back in place I won't
make it so your Sorry Thankyou
for your time
