

My name is Adam Grierson MDoc# 129572 and I support Parole. I have been incarcerated here at the Maine State Prison for a little over a year. I am remorseful for the mistakes I've made in the past and regret the impact that it had on the victim's family as well as my own family, society and my community. I can't sit here and tell you I had a rough childhood, truth is my childhood was decent. I had a single mother that worked hard for what little we had. She never beat me or neglected me, nor drank or did any drugs and neither have I. My mistakes have taken me away from my family, friends, the life I had, and the most important people in my life... my three children. I've always been a contributing productive member of society. I've always had a job since High School, sometimes working seven days a week. Bringing parole back to the State of Maine would ease the burden on the state's economy, it would also give me hope; hope that I might receive a second chance to be part of my children's lives as they grow up. Thank you.

Respectfully

Adam Grierson
