My name is Kathy Bordeleau, I live in York ME.

I support this bill because having parole in Maine :

- Allows individuals to be considered for re-integration into their communities if they have proven to have rehabilitated
- Is fiscally responsible, to have people back to work vs paying to incarcerate them.
- Allows a Parole Board to review the cases on their merits, vs. an arbitrary sentencing timeline
- Is fair for non violent offenders to allow release if they have proven to progress and not re-offend.
