Current Population by Controlling Sentence

The table to the right shows the total population by controlling sentence. The 43 in the “Null” category is a result of the correctional information system not being able to determine a controlling sentence. The “Attempt” category represents several offense types where the controlling offense was attempted but not successful. Controlling offense reflects all adult facility population on March 2, 2023.

1.2 Behavioral Health Services

Wellpath provided behavioral health services for February 2023:

- Substance use disorder assessments — 72
- Behavioral health intakes — 73
- Behavioral health sick calls answered — 476
- Adult facility residents on psych meds — 1065
 - 140 females
 - 925 males
- IMHU screenings — 1
- IMHU groups offered — 85
- Number of times IMHU residents attended groups — 325
- Average number of IMHU daily individual therapy sessions — 5

Intensive Mental Health Unit (IMHU) Average Population

MDOC recognizes the need to provide structured intensive mental health services in a specialized mental health housing unit to accommodate the needs of male prisoners experiencing serious mental health problems.

The table to the right shows the average daily population in the IMHU by month, while below shows annual ADP.

1.3 Administrative Control Unit Population

The Administrative Control Unit (ACU) is a housing unit at the Maine State Prison for residents in need of an extended period of intensive security and programming, when a return to a larger general population may pose an on-going or serious threat to the safety of others, risk of escape, or another repeated or serious threat to facility security. Residents in the ACU are afforded at least four (4) hours of time out of cell, per day, and are afforded access to programs, services, and communications comparable to general population housing areas.

The percent of the adult male population that was housed in the Administrative Control Unit (ACU) during the month of February 2023 was 0.26% (4 residents). The percent of the adult male population in ACU over the past two years is shown in the graph below.

The below tables show the demographics of residents in the Administrative Control Unit during the month of February 2023.

1.4 Restrictive Housing Population

Restrictive housing at MDOC is defined as housing that separates a resident from the general population and restricts the resident to his or her cell twenty-two (22) hours or more per day for the safe and secure operation of the facility.

Administrative status is the MDOC’s designation used when placing a resident in restrictive housing. Administrative status is the placement of a resident in a cell in a restrictive housing unit separated from the general population or in another housing unit only for as long as necessary as a result of a determination that there is a direct threat to the safety of persons or a clear threat to the safe and secure operation of the facility if the prisoner is on a less restrictive status.

The number of stays below and to the left are the number of times any resident spent any amount of time on the status during the month of February 2023. The number of unique residents below and to the right, are the number of residents that spent any amount of time on the status during the month of February 2023.

Number of Stays for Each Status	Male	Female
Administrative Status	33	0
Disciplinary Segregation	1	0

Number of Unique Residents for Each Status	Male	Female
Administrative Status	30	0
Disciplinary Segregation	1	0

The below tables show the demographics of residents on a restrictive housing status during the month of February 2023.

70's	0	0.0%	0	0.0%	0	0.0%
80's	1	3.3%	0	0.0%	0	0.0%

An administrative status placement is an option of last resort, to be used only when a less restrictive alternative has not been or would not be effective to resolve the threat posed. This is especially important if a client has any medical or mental health condition that might contraindicate the placement.

In February, no clients with a Serious Mental Illness were placed on Administrative Status.

Maine Department of Corrections February 2023 Data Reporting

For residents placed on Administrative Status during the month of February 2023, the following table lists the reasons for the Administrative Status placement.

2.0 Correctional Programming

2.1 Resident Classification Reviews

Client classification is a correctional process by which each resident is rated per his/her institutional risk and is used to determine an appropriate housing unit. There are four classifications for MDOC residents, including: Close, Medium, Minimum, and Community. An Initial Classification is performed upon admission to a correctional facility after completion of intake assessments. After the initial classification, residents with more than 5 years must be reviewed annually. Residents with 5 years or less remaining, or who are transgender, or intersex must be reviewed every 6 months. Case Managers and Unit Teams combined are responsible for keeping classifications up to date.

Classification reviews by facility can be found below (as of March 6, 2023).

Classification Review Status	BCF	DCF	MCC-F	MCC-M	MSP	MVCF	Total
Ok	134	28	115	226	489	199	1191

2.3 Programming Tablets

There are over 800 programming and entertainment tablets available to residents at specific levels in the following facilities: Maine State Prison, Maine Correctional Center, and Mountain View Correctional Facility. They are corrections grade and operate on a closed, managed network that allows residents access to thousands of hours of free academic, vocational, life skills, and therapeutic programming designed for all learning levels.

“Productive Hours” is the total amount of time residents spent in active programming and “Total Hours” includes “Productive Hours” plus entertainment hours used. Residents earn entertainment time for active programming time.

4.0 Supervised Community Confinement Program (SCCP)

The purpose of the Supervised Community Confinement Program is to provide a means of successful reentry of facility residents into the community. Residents transferred to supervised community confinement are still considered facility residents while in the program. The place of confinement is in the community, rather than in a correctional facility. Participation in this program is a privilege that may be afforded to residents who meet the established criteria.

7.7 Violations & Revocations

Violations are broken up into three categories and are detailed below to help better understand the table.

- Felony – Probation Violation based on new criminal conduct that is a felony charge.
- Misdemeanor – Probation Violation based on new misdemeanor charges.
- Technical Violation – Probation violation that is technical in nature. Examples include- failure to report, contact with a victim, failure to participate in treatment, and absconding from probation (not limited to these).

Revocations are broken up into three categories and are detailed below to help better understand the table.

- Full Revocation – A probationer has violated the terms of their current probation and will be serving their underlying sentence at a MDOC facility.
- Probation Revocation with Continuation – Probationer will be serving time for a probation violation in either a county jail or in a MDOC facility. Upon release, the probationer will continue probation.
- Probation Revocation with Termination – Probationer will serve time for their probation violation in a county jail or MDOC facility. Upon release, the person will not be on probation.

I am responding to some of Ardell's questions.

Goodtime being up to 1/3.

- Some people receive 7 days per month goodtime, which is up to 84 days per year off the sentence, which is up to 23% off the sentence.
- The majority of residents are under the 5 days a month goodtime, which is up to 60 days per year off the sentence, which is up to 16% off the sentence.

It was asked of Jeremy Pratt as to how many people were currently incarcerated for murder, and the answer is 13% of the MDOC population. This information can be found on the Maine Department of Corrections website:

<https://www.maine.gov/corrections/sites/maine.gov.corrections/files/inline-files/February%202023%20Monthly%20Adult%20Data%20Report.pdf>

I have included a pdf file, and chart of percentages of crimes.

I hope this helps.

Thank you for all of your work on this.
