

Wayne Chandler
LAON - Lakes Association Of Norway (Maine)
LD 693

Born in Lewiston and raised in Norway, I have a lifelong love of Maine. I grew up on Lake Penesseewassee in Norway. Now at 76, I spend my winters in Palm Springs, CA and as much of the summer as possible in Norway, Maine.

Having attended Maine Maritime Academy and spending 34 years in the United States Coast Guard I'd like to think I have a basic knowledge of headway speed and what exceeding it can do to an unprotected shoreline.

In addition to shoreline - dock and boat damage, there is a real danger to folks in the water or on the docks.

I am in total support of LD 693.

Thank you.
