

Cheryl Robertson  
Harrison  
LD 693

Dear Legislator,

I am writing to ask that you support the bill LD 693 to prevent wake surfing within 500 ft. of the shoreline on our beautiful lakes in Maine. I have a home on Long Lake in Harrison. The lake is 11 miles long and one mile wide. There is already a problem with boats speeding down the lake because of its runway shape. Due to the narrow shape of the lake, wake surfing boats can have a substantial impact upon the shoreline and all that results from that. Please support this important bill.

Sincerely,  
Cheryl Robertson
