LD233 HP0154 An Act to Ensure Efficiency in Petitions Reviewed by the Secretary  
of State by Clarifying Deadlines Related to these Petitions

Opposed LINDA P HASKELL GARLAND, MAINE

The wording in the original bill law was acceptable as read and understood. The office is reaching a little further than necessary. Why are we the People allowing an officer of the people to push up dates to benefit themselves. The residents of Maine need their space for survival and work and family. The office of Secretary of State has plenty of people to do this work. NO! This should not be passed.
