

Sarah Thompson  
Georgetown  
LD 51

Senator Rafferty, Representative Brennan, esteemed members of the Committee:

My name is Sarah Thompson, I am a parent living in Georgetown, and I am testifying in support of LD51.

My testimony is very simple. My children are 17 and 13, and without the restoration of these exemptions, they will not be attending any post-secondary educational institutions in the state of Maine. We have seen many bitter divisions arise in our communities and lead to ostracization and exclusion of children and families, without demonstrating any measurable net benefit in health outcomes, over the issue of vaccination.

We all love Maine and want it to be, truly, the Way Life Should Be. And that way should include ALL children, regardless of ethnic or religious background, having access to the education system without compromising their deeply held personal and cultural convictions.

Please Right This Wrong.

Thank you for your consideration and please vote "Ought to Pass" on LD51.
