

Rebecca Cummings  
Windham  
LD 60

I do NOT support a 72-hour waiting period after the purchase of a firearm. Law abiding citizens have a constitutional right to protect themselves and their property. This committee's time would be better spent ensuring the laws regarding unlawful possession are enforced by state and local law enforcement agencies and that the district attorney's office adequately charges/prosecutes individuals in violation of the law(s) already on the books.

I urge this committee, and every elected official, to reject LD 60!
