

Matt Gilley
Harpowell
LD 22

Good afternoon Senator Beebe-Center and representative Salisbury and distinguished members of the criminal justice and public safety committee. My name is Matthew Gilley and I am a lifelong resident of Harpswell. I am writing to you today in opposition of ld 22. It is already illegal to sell a firearm to a prohibited person federally and on the state level. This bill seems to change the definition of prohibited person to one that is unreasonable for a person making a sale to determine. This creates a slippery slope that can make law abiding citizens criminals. I hope you vote ought not pass. Thank you.
