

Jason Joyce
Swan's Island
LD 214

Dear Members of the Housing Committee,

As a selectboard member in a small town, I am opposed to any overreach by the state into local zoning issues addressed by our local zoning boards. Local zoning is handled by elected members of our town and have the support of our townspeople to handle our local housing issues.

I encourage you all to support ld 214, and exempt small towns under 10,000 citizens from the requirements mandated in 2022 by ld2003's passage into law. Thank you-Jason Joyce
