

Heinrich Wurm
Lovell
LD 214

Hello,

I am a resident of Lovell in Oxford County and a member of the Planning Board and the Comprehensive Plan Review Committee. While I am aware of the housing shortage and applaud the legislature for its efforts to bring about changes, I do not believe LD2003 can be applied equally all across Maine's towns. I support LD214 as an effort to differentiate between larger municipalities and their potential from rural communities and their limitations.

Thank you.
