

Testimony on LD 1483

An Act to Protect the Rights of Agricultural Workers

Good afternoon Senator Tipping, Representative Roeder and the other members of the Committee on Labor and Housing.

I'm testifying against LD 1483

I have concerns with section 3 of this bill. I use workers contracted through the H2A program and house them in a mobile home. They share these accommodations and for the most part live well together.

My concern is should the event occur that a worker allows individuals to enter the housing that jeopardized the wellbeing and or harmony of the other I would not have any recourse to help in correcting the issue. I think that is wrong.

Please send this bill forward with an Ought Not to Pass recommendation.

Respectfully,

Eric Seaman
