

Susan Hawes  
Portland  
LD 1557

To the distinguished members of the Education committee,

I am writing today to express my opposition to LD 1557. I oppose allowing those with concealed carry permits on public or private school grounds.

I have worked in schools and don't find it smart to militarize our schools. It's guns that are killing kids. More guns in schools is not the answer to the gun problem in our country.

Please vote against this bill.

Thank you,  
Susan Hawes
