

Rob Poissant
Gorham
LD 1619

My name is Rob Poissant and I live in Gorham, Maine.

I am a parent of two . My wife Deb had a difficult pregnancy and had a long period of bed rest due to complications . The testing process included the possibility of Abortion if this would be favorable. Our son was born and is now a healthy 19 yr old attending U M O,who is a gift to us and has much potential to contribute to the well-being as a citizen of our State of Maine.

Every child born is a gift to each one of us.

Expanding Abortion works in the opposite direction of welcoming and nurturing our future and well-being as a people.

Please oppose Abortion expansion .
