Re: Support LD 367 – Transportation Bond

Dear Appropriations Committee,

I am writing this letter today to show my support for the transportation bond. The state of Maine is enormous, and miles of roads and numerous bridges are not being kept up to adequate condition due to the funding crisis. Northeast Paving employs over 350 people from Portland to Calais to Fort Kent and everywhere in between, and we travel over these roads and bridges every day. We think it is critical that we pass LD 367 to be able to capitalize on all the available federal funds that we can while they are still available. With taking advantage of this extra funding we will be able to catch up on some much-needed infrastructure repairs to make for a safer daily commute.

Sincerely,
