I support LD 616 An Act to Protect Health Care Professionals Providing Reproductive Health Care Services. I am a Registered Nurse, hold a valid ME RN License and provided 43 years of nursing service to the Kennebec Valley Region. Quality healthcare including health education, insurance coverage and comprehensive follow through and follow-up for all care rendered should be IMHO the right and privilege of ALL MAINE CITIZENS. Certainly, the dedicated professionals that provide reproductive health care should also be ensured they have a safe environment and protection to perform their vital services.

Thank you. Kimberly Hallee 12 Gray Street Waterville ME 04901
