LD 1619

My name is Dorisann Wagner. I live in Fairfield. I am against LD 1619. My views on abortion changed when we were trying to have a child and needed to use the In Vitro Fertilization procedure. We got to see our son as an embryo, and at 6 weeks we were able to listen to his heartbeat! Seeing the ultrasounds further into the pregnancy, we could see Samuel moving inside the belly. BEING ABLE TO ABORT A BABY THAT IS VIABLE, BREAKS MY HEART. Thank you for considering my testimony.
