Republican Cory R.  
LD 1619

Good Afternoon, Sen. Anne Carney, Rep. Matt Moonen, and Honorable Members of the Joint Standing Committee on Judiciary: My name is Cory Reynolds I am testifying in Opposition today for LD-1619

Because it's unconstitutional. Regardless of whether you are pro-life or pro-choice, Do you Believe in God? God is the only one who how we should be leaving this life. not a doctor choice to tell a a woman that they need to have an abortion.

Abortion is wrong you are killing a kid. You are so worried about Gun Violence and want to take our guns away because it's killing us, which isn't it's the person that is struggling with mental health and our state has failed us with.

Maybe you should rethink about this bill. Again like I've said in most testimony's I put in this isn't about health of the Maine and American people this is about Government control, and it needs to stop. so I urge you to vote ought not to pass on LD-1619.

Thank You,
