LD 1619

I am not in agreement with passing bill LD 1619. This is agreeing to murder. That baby has a heartbeat, it's alive! If someone can be arrested for manslaughter because she gave birth to a baby and left it in a gravel pit to freeze to death, than how is it any different deliver a baby and leave it in a bin to die or as it's being born, put a scalpel or scissors into its neck because the mother didn't want it. This county is becoming barbaric. Think about your children or grandchildren. What if someone wanted to take their life. Wouldn't you do everything in your power to protect them? Please, do not allow this to happen in our state.
