

## **LD 1619: An Act to Improve Maine's Reproductive Privacy Laws**

Oppose

Senator Carney, Representative Moonen, and members of the Judiciary Committee. My name is Peter Vachon. I'm a resident of Scarborough. I submit my testimony in opposition to LD 1619 – An Act to Improve Maine's Reproductive Privacy Laws.

If Maine wants to become abortion capitol of the world, this bill is well on the way to changing Maine's motto from vacation land to abortion land. It seems that Maine cares more about endangered wildlife than it does for unborn children. This bill brings complete shame to our beautiful state – please kill this bill before it kills Maine's future. This bill is a total embarrassment to our beautiful state of Maine.
