LD 1619

To the Honorable Members of the Judiciary Committee,  
In the 1800s famous French diplomat Alexis de Tocqueville said, "America is great because America is good. If America ever ceases to be good she will cease to be great." Legislators, he was right. America stands at the threshold of the abyss of collapse. We are under judgement because we are ceasing to be good. We have lost our moral compass, without which any democracy cannot stand - for a democracy was created for a moral people.

To even consider LD 1619, a Bill so depraved and abhorrent, is beyond comprehension. For if we think it okay, and even right to have the legal granting to dismember and kill or leave to die a fully human being, than we are subhuman, void of all conscience and we must label ourselves among the serial killers and MS13 gangs of our time, and among the worst of dictators and tyrants around the world whom we hypocritically are so quick to condemn.

Like those who supported and fought to keep slavery in the south, or those who covered their ears while the whistling trains full of Jews headed to Auschwitz crossed their lands, will you sign the death warrants on your fellow humans who cannot speak for themselves?, or will you stand up for the least of these and say, "Enough, the cry of bloodshed screams up from our land" and say, "No, I will not support unrestricted wholesale murder of the innocent." Now is the time to vote "NO". Thank you for your time. Sincerely, Eileen Gale, Wiscasset
