

Debra Briggs
Rumford
LD 1619

Good evening,

I am testifying against LD1619. As I understand this bill will allow abortion until birth. I am the mother of two children. When I was pregnant with our second child; we had many complications and at one point thought we had lost our daughter. After so much excitement and anticipation, it was a very scary time for our family. Thankfully everything turned out well. I have friends who were told to abort due to complications & seemingly hopeless situations, and now have healthy children. I am sure I am one of many citizens of Maine who do not support this bill. I pray you vote against LD1619.

Sincerely,
Debra Briggs
