LD 1619

I am submitting this testimony in opposition to LD 1619. Removing reasonable limitations on when an abortion can be performed is both immoral and unethical. The sanctity of life should not be limited to individuals who have been "born". Unborn children need legal protection because they do not have the ability to speak for themselves. The rights of women do not negate the rights of the unborn fetus. Every effort should be made to assist women with unwanted pregnancies but this does not include terminating the life of the unborn.
