LD 1783 - An Act to Implement the Recommendations of the Governor's Advisory Council on Military Sexual Trauma LINDA HASKELL Testimony opposing LD 1783

Chairman Supica, Senator Hickman and committee members. This is just an addition to Acts being proposed for the benefit of LGBQ and what not, that are trying to make it their place to have any and all "special" recognition. This is already covered in the Constitution to without going to this far reaching proposed Act. The Legislature and Senate were organized to protect and govern "the people", not for the benefit of "soft shelled individuals with a chip on their shoulders" and their choice to become unnatural to the God Given form of a human being. The National Guard is to protect the State and Union. Is the legislature going to lie down and cry every time an individual cries "my feelings are hurt"? What happened to the "don't ask and don't tell". I see individuals that are transforming their gender, splashing it in other faces, unnecessarily. Ought not to pass. LINDA HASKELL, Testimony to oppose.
