

Karen Gala
York
LD 1619

To the honorable members of the Judiciary Committee,
My name is Karen Gala. I am a resident of York. I am a mother, grandmother and RN. I am testifying today in opposition to LD1619.

I have been a nurse for 40 years. Most of my experience has been in maternal child health and Labor and delivery. I can understand the view many in support of this bill hold, "my body my choice". I also hold the view that we as a society should always support and protect the most vulnerable in our society. The unborn child falls into this category. Instead of pushing for this barbaric practice of terminating an unborn child up to the time of birth, we should be offering our fellow sisters compassion, guidance, support and other options (adoption). I am asking you all to vote against LD1619. Thank you
