LD 1619

Senator Carney and Representative Moonen, Honorable Members of the Joint Standing Committee on Judiciary, my name is Kellie Fitzgerald and I am a resident of China. I am writing to testify in opposition to LD 1619.

I personally know women who have had abortions, as I'm sure we all do, even if they haven't shared their story with you. Each one carries emotional, mental and sometimes physical scars from this process. Expanding abortion to ANY time and for ANY reason during a woman's pregnancy is not good for women, and it's not good for Maine. We will become a location for women to travel to in order to hurt themselves and kill their babies.

Please do not pass this bill. Have compassion for the voiceless. This is not compassion for women, as is being claimed. This can only damage and hurt our society.
