Dear Honorable Members of the Maine Legislature,

I wish to voice my opinion and concerns regarding:

LD 935 An Act to Remove Barriers to Abortion Coverage in Private Insurance. This bill is requiring the elimination of a *private* insurance company's ability to charge co-insurance (copays) or deductibles for abortion. Co-insurance (copays) and deductibles are the way private insurers operate. Like these payments or not, *a state does not have the right to dictate to a private insurer how they conduct business.*
