(L.D. 1619) Bill "An Act to Improve Maine's Reproductive Privacy Laws"
Senator Carney, Representative Moonen, and members of the Maine Committee on
Judiciary:

"I've noticed that everyone who is for abortion has already been born." --Ronald
Reagan

I feel that abortion is wrong for the same reason that I feel like killing anybody is
wrong. A tiny living human with its own DNA should be protected, not harmed. As
a father, it sickens me that there are hundreds of thousands of abortions performed in
this country every year. Maine should not be a part of that. We value life and not
death. Maine should be putting its resources into protecting children. Maine should
also put resources into helping people understand that there are other ways to prevent
unwanted pregnancies. We need to stop aborting our children—America is already
below replacement rates which will cause all kinds of problems in the future. Please
vote "Ought not to Pass" on LD 1619 and protect our children.
