

Francis Tighe  
Sebago  
LD 1619

I am writing to oppose the passage of LD 1619. This bill allows for extraordinary measures in ending the life of unborn babies right up to the moment of birth. We have gone so far beyond the original idea of "safe and rare" abortions in addition, this bill is not supported by the majority of Mainers. I love the State of Maine and don't want it associated with the most liberal and extreme abortion laws in the country.
